Subject: Dimock Pa - Water Tests  
Hello Richard and Trish

My name is Pierre Bertrand, I am a reporter with the International Business Times in NYC.

I am trying to get more information about the test results the EPA has most recently come out with regarding Dimock, Pa. Are the water tests available for public review?

Can you tell me what the EPA found in the first round of tests?

How many more tests will be conducted?

Thank you very much.
